When the guest list includes royalty, Premier League footballers, and the Sultan of Brunei, there's no margin for anything less than exceptional. Steve has spent decades delivering exactly that at some of the most prestigious venues and private events in the world. From the ballrooms of Claridge's and The Dorchester to the historic grounds of Hampton Court and Kensington Palace, Steve has built a reputation as the DJ of choice for clients who simply won't compromise. His ability to read a room, curate a bespoke set, and keep a dance floor packed from first song to last is what brings those clients back, year after year.

Versatile without being generic, Steve moves effortlessly between a high-energy corporate gala, an intimate luxury wedding, and a celebrity private party, always with the same meticulous preparation and quiet professionalism that high-profile events demand.

***"I have never seen a dance floor so packed in my life
and that's down to you." - Jacqui & David Mesquita-
Morris, Hampton Court***

Whether you're planning a summer ball, awards show, wedding, or exclusive private celebration, Steve brings the experience, the discretion, and the music programming skills that turn a great event into an unforgettable one.
